

Ready for the future of work

Today's workplaces are evolving along with the needs of the people who inhabit them. Spaces need to flex and adapt to support how, where and when people want to work. Evolve® offers tailored solutions that shape space, connect people and support new ways of working. The backbone to building complete office landscapes, Evolve supports your needs now and tomorrow.

Panels shown in Designer White (DWT) with Pact Dove (PA54) fabric. Bridges tables and storage in Absolute Acajou (AC) with Tungsten (TUN) legs. Vion seating shown in Elevate Mica (EL61) seat and Natural (MS74) mesh back. Duet stools shown in Ivory Clouds (IVC).

Create walls, not barriers

Support conversation, not distraction. Stackable panels shape space without relying on existing walls. Fabric, laminate, metal and glass finish options support varying privacy, acoustical and aesthetic requirements.

(Left) Panels shown in Designer White (DWT) with Pact Dove (PA54) exterior and Linea Thread (LN44) interior fabric. Sirena foreground seating shown in Elevate Mica (EL61) with Jenny Sunflower (JN27) seat. Sirena background seating shown in Etch Drift (ET81) with Jenny Sunflower (JN27) seat. Tablets in Absolute Acajou (ACJLP). (Above) Panels shown in Designer White (DWT) with Linea Thread (LN44) fabric. G20 and Vion seating shown with Black mesh back with Elevate Margarita (EL55) seat. Worksurface and storage in Absolute Acajou (ACJLP).

See and be seen

Create team environments that promote transparency. Evolve Power Beam offers a light and airy alternative to panels without sacrificing power or data needs. User-controlled elements like height adjustable surfaces also support healthy spaces for workers.

Power Beam shown in Designer White (DWT), Pact Dove (PA54) fabric and Absolute Acajou (ACJLP) end panels. Vion seating shown in Elevate Mica (EL61) seat, Natural (MS74) mesh back and Fog frame. FreeFit Tables with Absolute Acajou (ACJLP) tops with Designer White (DWT) bases. Swap and River tables shown with Absolute Acajou (ACJLP) tops and Tungsten (TUN) bases. Princeton stools shown in Designer White (DWT) with Jenny Sunflower (JN27) seat. River seating shown in Elevate Mica (EL61) with Jenny Sunflower (JN27) seat.

Bring people together

Meet how you want and where you want. From huddle areas to project rooms, carve out spaces to support different ways of collaborating. Unitized panels offer maximum strength and durability to support future reconfigurations. Evolve's simple kit of parts makes it easy to reconfigure and re-shape space as you need it.

(Left) Panels shown in Designer White (DWT) with Pact Dove (PA54) fabric and Absolute Acajou (ACJLP) worksurface. Ballara seating shown with Etch Drift (ET81) seat, Elevate Margarita (EL55) back and Tungsten (TUN) foot. (Above) Panels shown in Designer White (DWT) with Linea Thread (LN44) fabric. Ballara shown with Etch Drift (ET81) seat, Elevate Margarita (EL55) back, Tungsten (TUN) foot and Absolute Acajou (ACJLP) tops. Corby table and credenza shown in Milestone (MTW). Marche stool shown with Milestone (MTW) back and Etch Drift (ET81) seat.

Adapt to suit individual needs

One product line, multiple permutations, endless possibilities. Plan up or down to tailor a solution that fits your needs for privacy and storage. Make the most of small footprints with efficient space and storage possibilities.

Panels and storage shown in Designer White (DWT) with Pact Dove (PA54) fabric. Vion seating shown in Elevate Mica (EL61) seat and Natural (MS74) mesh back. Worksurface in Absolute Acajou (ACJLP). Ballara seating shown with Etch Drift (ET81) seat, Elevate Margarita (EL55) back, Tungsten (TUN) foot and Absolute Acajou (ACJLP) tops.

Evolve any space

Create a complete office floor plan using a single line. Fully integrated components and finishes help create a look that is uniquely yours. Works with a range of other Global product lines.

River seating shown in Elevate Mica (EL61) with Jenny Sunflower (JN27) seat.

Supporting healthier spaces

Sustainable always. Evolve supports wellness programs like LEED, WELL, GREENGUARD and LEVEL. Certified for low emissions for better indoor air quality, panels are manufactured from 82% recycled materials and are 100% recyclable. Evolve is durable and flexible, ensuring it remains relevant and out of landfill.
