

AIR FLOW PANELS

EVOLVE | PRODUCT SHEET

The Air Flow Panel option is a great way to define space and address existing HVAC flow issues. Featuring a perforated metal panel that allows air to pass or “flow” through. Air Flow panels have a contemporary feel integrating with the look that the modern office desires. Air Flow panels come in all standard sizes and finishes.

FEATURES:

- Provides a contemporary cutting edge look, while promoting air flow to maximize existing heating and air conditioning.
- Air Flow can be placed at any height in the panel.
- Available in standard Evolve frame finish options.
- Air Flow panels may also be stacked on Evolve panels.
- Please refer to the Evolve list price book for further information and current list pricing.
